MASTER AGREEMENT FOR AS-NEEDED VEHICLE AND EQUIPMENT REPAIR SERVICES VARIOUS OPERATORS FOURTH QUARTER 2002

Pursuant to the order of the Board of Supervisors on December 5, 2000, Synopsis 46, Public Works is to report quarterly on contracts awarded and provide a cumulative total of amounts awarded to individual contractors under delegated authority.

This is the fourth quarter report for the second year of a new contract using annually renewable agreements that have been completed with 72 vendors. The vendors are used to respond to peak workloads, thereby controlling repair backlogs, and to perform equipment repairs of an extraordinary and/or technical nature that are not cost-effective to perform in-house. Vendors are selected based on price, quality of previous work in a reasonable time frame, and proximity to facility requiring services.

Through the fourth quarter, we awarded a total of \$858,498.08 of vehicle equipment repair work to 45 of the 72 vendors as shown on the attached summary report.
